We pride ourselves on offering gluten free fish and chips and much more.

The following items are all gluten free:

- ✓ Batter
- ✓ Sausages
- ✓ Gravy

- ✓ Curry Sauce

All our gluten free dishes are cooked in dedicated gluten free fryers.

Although we can guarantee that no items with gluten are cooked alongside our gluten free items, it's important we inform you that we do handle all allergens as well as gluten on the premise.

Be sure to speak to one of our colleagues at the point of ordering if you have a specific allergy or intolerance.
